Tape-Adhered Sensors

Easy-to-use Hard-Goods Solution to Meet Your Security and Merchandising Needs

Protex sensors are a convenient and reliable security solution that allows open, hands-on demonstrations and sampling of merchandise in a hard-goods environment. The tape-adhered sensors include the Dome, Rectangular, Mini and Attach-All sensors. They are used with the ProLink System to secure items ranging from cell phones, camcorders, telephones and PDAs, to calculators, printers and fax machines.

Features

- Easily attachable
- Tape mounted
- Variety of protection options
- Status-indicator LEDs (excluding the Attach-All)

For "through the counter" applications, the Rectangular, Mini and Attach-All sensors can be "direct wired" to a Retractable for additional merchandising options. All of these sensors attach to the protected item using double-sided tape and will trigger an immediate alarm upon removal.

When used with our versatile ProLink System, sensors create endless merchandising opportunities.

Advantages

- Fast and convenient re-merchandising
- Increased sales associate productivity
- Versatile product applications
- Open, hands-on merchandise displays
- Ideal for products with limited adherence areas
- Protection for multi-piece products

Tape Adhered Sensors SPECIFICATIONS

HGS-PL-DSSW

DOMES SENSOR

The Dome Sensor is a revolutionary attachment method designed to enhance customer displays. It is compatible with any of the Modular-Cable Assembly parts and the integrated connection socket gives the illusion of a direct wired sensor. The Dome Sensor requires an adherence area of 1" (2cm) in diameter.

HGS-PL-MS-6I

MINI-SENSOR

The Mini-Sensor is used with the ProLink System and will secure items such as cell phones, camcorders, telephones, PDA's, electronic label makers, etc. The Mini-Sensor comes with a 6" straight lead and attaches to items using double-sided tape. It is ideal for smaller items with limited adherence surfaces. Removal of the sensor will cause an immediate alarm. The Mini-Sensor requires an adherence area of 0.5" x 1".

HGS-PL-RS-6I

RECTANGULAR SENSOR

The Rectangular Sensor is 1" x 2" and comes with a 6" straight-lead cable. It is used with the ProLink System to secure any item with a flat surface such as computers, VCR's, CD players, fax machines, monitors, printers, calculators, etc. The sensor is attached to the item using double-sided tape. Removal of the sensor will cause an immediate alarm.

PL-AA-SWSR-6I

ATTACH-ALL WITH SWITCH SENSOR

The Attach-All with Switch Sensor is used with the ProLink System to protect items including cell phones, cameras or PDA's. The flexibility of this sensor allows the user to protect items of different shapes and sizes that may not have a flat adherence surface. The optional strain relief with screw conveniently keeps the sensor cable in place during movement. Removal of the sensor will cause an immediate alarm. The Attach-All requires an adherence area of 1.5" round.

PL-AA-TLSR-6I

ATTACH-ALL WITH TAG SENSOR

The Attach-All with Tag Sensor is used with the ProLink System to protect items including cell phones, cameras or PDA's. The combination of the tag and tape allows protection of the item as well as any removable area such as a battery compartment or memory card. The optional strain relief with screw conveniently keeps the sensor cable in place during movement. Removal of the sensor will cause an immediate alarm. The tag comes in two lengths: 3.25" and 2".

REPLACEMENT TAPE

Replacement tape is available for all of Sensors.

- DT-DS....Dome Sensor Replacement Tape (10 tapes per card)
- DT-2RHW....Mini-Sensor Replacement Tape (10 tapes per card)
- DT-3RHW....Rectangular Sensor Replacement Tape (10 tapes per card)
- DT-EAA....Attach-All Sensor Replacement Tape (10 tapes per card)
- KB-LTAA-REPL....Attach-All with Tag Sensor Replacement Tape-long (25 tags)
- KB-STAA-REPL....Attach-All with Tag Sensor Replacement Tape-short (25 tags)
- KB-EAA-REPL....Replacement Tape for the Attach All (5 cards of 10)
- KB-EAA-REPL1....Replacement Tape for the Attach All (1 card of 10)
